## TS-400 SPEAKERPHONE

# FEATURES, FUNCTIONALITY AND TALKSWITCH STYLE

Great performance, great features. The TS-400 business speakerphone features an adjustable backlit LCD display, a sleek design and versatile programmability. This phone has superior sound quality and a large display.

The TS-400 was designed for easy, error-free call handling. This mid-level business speakerphone provides over a dozen one-touch buttons to access call features and separate controls for headset operation.

**Designed for TalkSwitch:** Like all of our phones, the TS-400 is built for smooth integration with TalkSwitch systems.

**Easy to Use:**

- 12 one-touch feature keys
- Program name and number for memory
- Supports handsfree group and intercom paging*
- 2.5 mm headset jacks
- Built-in headset amplifier
- Dedicated headset button
- Voicemail waiting indicator with message count
- 99 name/number telephone directory

- 99 name/number caller ID log
- Speaker, headset and In Use indicators
- Ringer, speaker, headset, and handset volume adjustable
- Data port
- Redial up to 32 digits
- Maintains basic function and retains memory without power
